AVI50519 Diploma of Aviation (Instrument Rating)

Please read this Flyer in conjunction with the List of Inclusions and the Student Handbook which lists more details. They can be downloaded at our web site www.professionalpilottraining.com.au

Diploma of Aviation (Instrument Rating) is registered and nationally recognised training by the Australian Skills and Quality Authority (ASQA) and The Civil Aviation Safety Authority (CASA). This diploma allows you to fly under the Instrument Flight Rules (IFR). This rating is a must for any Commercial Pilot seeking to work in the modern aviation industry. Flying under the IFR provides you with the flexibility and skills to depart and arrive at aerodromes when the weather conditions are less than those required for operations under the Visual Flight Rules (VFR).

Australian
Qualifications
Framework

DURATION AND HOURS

AVI50519 - Diploma of Aviation (Instrument Rating) - This course is delivered over 14 weeks with a minimum face to face classroom instruction time of 20 hours per week over a five day week for all subject areas required for the CASA IREX – aeroplanes exam. The course includes; 50 hours of dual multi-engine flying instruction and test time; 40 hours of dual simulator training. Students who complete their training will be eligible to sit the CASA IREX theory test and the Multi Engine class rating flight test.

Delivery

Aviation Theory Training: face to face classroom instructions

Practical Flight Training: with CASA approved flight instructors in aeroplanes and synthetic flight trainers.

Entry requirements

The Civil Aviation Safety Authority (CASA) provides a fair, effective and efficient aviation safety regulatory structure and promotes a positive safety culture throughout the aviation community. To become a student pilot at Professional Pilot Training you must meet the following requirements:

- For international students - an IELTS of 5.5. For more information visit: www.ielts.org or <https://www.casa.gov.au/>.
- For Australia - PPT can conduct a CASA English language proficiency test at an additional cost. Certified copies of results are required with your application.
- Pass a Class 1 Aviation Medical Examination conducted by a Designated Aviation Medical Examiner (DAME) appointed by the Australian Civil Aviation Safety Authority (CASA) prior to course commencement. See the links to the CASA web on our web site at www.professionalpilottraining.com.au.
- A minimum age of 18 years at the commencement of training. We cannot support you as required under Australian Laws if you are younger than this.
- An Aviation Reference Number (ARN) issued by the CASA. PPT will assist with the application.
- A minimum of a secondary school education to the New South Wales (NSW) year 12 standard or its equivalent – unless you are a mature age entrant.
- Hold an Australian Federal Police security clearance for the Australian Securities Identification Card (ASIC). PPT will assist with the application.
- Pass the selection of an Electronic Aptitude Test known as the Electronic Aptitude Test (EAT), before being offered a place on courses.
- Consent to mandatory random drug and alcohol test. Under the **CASR Part 99 - Drug and Alcohol Management Plans (DAMPs) and Testing legislation**.
- Is enrolled in or has completed AVI50219 Diploma of Aviation (Commercial Pilot Licence - Aeroplane).

Assessments

Assessments for **AVI50519 Diploma in Aviation (Instrument Rating)**, is divided into two phases and includes Multi Engine class rating and the Instrument Rating. Flight activities are organised into an integrated holistic training package. A student may complete only some of the phases and finish with a limited set of qualifications.

Formative assessments are completed at regular intervals however because of the holistic nature of piloting the flight test for a qualification is a summative assessment and the units of the qualification are only assessed as competent after passing the flight test for the qualification.

Course Fees

AUD \$42,450

INCIDENTALS PACKAGE

Application Fees Items (if not already paid)	Cost AUD
CPL Medicals	750
Immigration Medicals	1,000
Visa Application	400
Application Administration	1,150
International Medical Insurance 1.5 years	1,650
Total Application Fees	\$4,950
Other Incidental Fees (balancing from CPL calculations)	
10 weeks Meals (350/w -if provided by PPT)	3500
10 Weeks Accommodation & utilities	1950
IR Welfare and routine administration	600
Total Other Incidental Fees	\$6,050
Total Incidental Costs	\$11,000

AVI50519 Units of Competency:

* Implement threat and error management strategies * Manage safe flight operations * Plan a flight under instrument flight rules * Navigate aircraft under instrument flight rules * Operate and manage aircraft systems * Operate aircraft using aircraft flight instruments * Conduct a 2D instrument approach * Perform instrument arrival and standard arrival route procedures * Operate aircraft in the traffic pattern at night * Perform non published instrument departure procedures * Perform published instrument departure procedures * Perform visual circling approach * Operate a multi-engine aeroplane * Conduct a 2D non-directional beacon instrument approach * Conduct a 2D very high frequency omni-directional radio range instrument approach * Conduct a 3D instrument landing system instrument approach * Conduct a 2D distance measuring equipment global navigation satellite system instrument approach * Conduct a 2D global navigation satellite system non-precision instrument approach

Recognition of Prior Learning (RPL) and Credit Transfers

For Recognition of Prior Learning (RPL) and Credit Transfers refer to PPTs RPL kits available on the website
